**FROM WEST DEVON OR CORNWALL:** leave the A30 at the **Whiddon Down Services**.

Go through **Whiddon Down** and up a slight incline to a **Mini Roundabout**. Turn left onto the **A382 towards Moretonhampstead and Drogo Castle**. You enter the **Dartmoor National Park** at this point. Follow the **A382 for about 1 mile**. It is a long straight bit of road. At the **Brown Art Gallery** sign slow down to turn **right** towards **Murchington** and **Gidleigh**. Go up this single track lane for ½ mile and you will see **Monks Withecombe** on your right at **Withecombe Cross** junction, with a sign for the **Monks Withecombe Gallery**. Drive in through the white gates into the outer courtyard.

**Deliveries and Guests** Please look out for signs to the Marquee or Parking Fields shortly **before** you arrive at the main house and barns.

### NOTE TO ALL SUPPLIERS

Only 4 Wheel Drive Vehicles with Trailers or Transits or Long Wheelbase Sprinter type Vehicles to be used for Tent Deliveries. **No 15 ton or 18 ton High Sided Trucks**. Oversize vehicles will not get into Monks. If you did manage to get in, you would risk being unable to get out, and would damage banks, walls and your truck in the attempt.

**Buses** These must be Mini Buses no bigger than 18 to 22 seaters.

**Access to Monks** from the A382 is straightforward. The gate to the Parking Field is set back from the road with a curved wall on the right hand side. Access from Chagford is more limited. The entrance is not recessed and is at right angles to the lane.

**The Marquee and Parking Fields** are very solid on the top and are free draining. We have road mats to put down in the event of wet weather.

**Signage** We place '**Marquee Site Vehicles**' and '**Wedding Parking**' signs in the single track lane leading to Monks Withecombe from Sandy Gate Cross on the A382 and on the lane from Chagford.

On arrival you will see ground protection white road mats in the Parking Field. For deliveries please drive down the road mats to the Marquee Field.
